

Vanda Jordan

not what she seems, ditzy, funny, straightforward, sexy in an effortless way, indomitable & enigmatic. The actor playing this part must have excellent comedic timing, nuance and presence. The ability to transform from feckless actress to goddess of love in the space of 96 minutes. I'm not interested in stereotypical "dominatrix" antics. She's a goddess.

Note: While the role does not require nudity, costuming will be sexually provocative.

Thomas Novachek

a playwright/director. Thomas is a beleaguered playwright/director who is desperate to find an actress to play Vanda, the female lead in his adaptation of the classic sadomasochistic tale "Venus in Furs" by Leopold von Sacher-Masoch. His seeming control at the beginning of the show gives way to need and submission during the course of the play.
